Potential competing interests: No potential competing interests to declare.

Paper is great overall

Strength: Great level of detail and well organized

Weakness: Missing a Materials and Methods section. Please look at this article, which provides an excellent example section for your Materials and Methods section. Link: [10.4081/ecj.2022.10413](https://doi.org/10.4081/ecj.2022.10413)
