# Pelizaeus-Merzbacher disease in female carriers

INSERM

## Source

*INSERM. (1999). Orphanet: an online rare disease and orphan drug data base. Pelizaeus-Merzbacher disease in female carriers. ORPHA:280229*

Pelizaeus-Merzbacher disease (PMD) in female carriers is the presentation of PMD (see this term) in some women carrying mutations in the PLP1 gene (Xq22).
