

# Review of: "Shaping Tomorrow's Workforce: Adapting University Curriculum to Address China's College Graduate Employment Challenges"

Ahmed Ahmed<sup>1</sup>

<sup>1</sup> Imam Abdulrahman Bin Faisal University

Potential competing interests: No potential competing interests to declare.

The paper provides a good overview of the employment problem at the level of Chinese university graduates, but it lacks a clear methodology and previous studies in the field, which would discover the research gap. In addition to the possibility of supporting it with the necessary statistics, which would give it greater credibility.

In fact, it is closer to an article than a research paper.
