Dear Authors,

Thank You for Your kind submission and Your contribution, this study is fascinating and well-conducted. It should be interesting to have more information about sars-cov-2 persistence on different surfaces, for example, you could consider reading and citing this manuscript:

1. SARS-CoV-2 Persistence: Data Summary up to Q2 2020. *InData*, 2020; Vol. 5, p 81.

Kind Regards
