Dear Author

- 1- The manuscript is poor quality in English, so it needs proofreading.
- 2- Where are the previous studies within this field, and what is the contribution of the author to improving the previous studies?
- 3- What is the definition of IoT because it is presented in the title with no idea about IoT noise within the sections of the manuscript?
- 4- Where are the citations of the references within the text so that you must cite the references within the text?
- 5- The conclusion must include the objective of this study, the method used in the research, and the results obtained.
