

# Review of: "Mycetoma in Animals a Review of Cases Reported From 1925-2022; Epidemiology and Management Strategies"

María L. Cuestas

Potential competing interests: No potential competing interests to declare.

Dear authors, the review on mycetoma in animals conducted by you deserves publication as it is comprehensive, easy to read, and there are few publications on this topic. The approach is very interesting. Only a little revision of the English and punctuation would be necessary.
