

# Review of: "Incidence risk of major reproductive disorders of dairy cows and cow-level risk factors in Wolaita Sodo town, southern Ethiopia"

Menno Holzhauer

Potential competing interests: No competing interests to declare, Menno Holzhauer

well performed research well written for local farmers and practitioners. The only point of criticism is the use of the terms poor BCS , poor management etc.; poor should be better defined, like BCS< 2 or poor management (floor not clean and dry) etc.
