

Peer Review

Review of: "Candida, the Gut Microbiome, and the Epidemic Levels of Cancer and Autoimmune Disease in Young Women, Dementia, and Obesity"

Pierre Le Bars¹

1. Université de Nantes, France

After a second reading, the amended article can be distributed, with the usual reservations and any necessary clarifications (see the attached PDF).

Depending on the chosen title, the article should focus from the outset (introduction and general information) on pathologies specific to young women.
