

# Review of: "Ancient Houses in Ben Tre City: A Multifaceted Approach to Preserve Artistic Architectural Heritage and Boost Local Tourism"

Wei Huang

Potential competing interests: No potential competing interests to declare.

The author takes a multifaceted approach to preserve artistic architectural heritage and boost local tourism for ancient houses in Ben Tre City. Some research results have been obtained, but there are still some contents to be improved.

1. Please clarify the scientific contribution of this work and the key issue; the current version is not acceptable.
2. The author writes a lot in the keywords section. For example, Soil Stabilization, Cement-Stabilized Base (CSB), Load-Bearing Capacity, Sustainable Construction, However, the content is not aimed at the restoration of ancient buildings.
3. Please improve your English writing; the current version is poor.
4. The research content is not well organized.
5. The discussion section is weak.
6. The conclusion does not fit well with the previous content.
