Review of: "Impact of Carrier Leakage on NavIC Signal Performance"

Somnath Mahato¹

1. India Meteorological Department, New Delhi, India

Authors have carefully addressed all the comments and suggestions provided by the reviewers and have incorporated the necessary corrections in the revised manuscript titled "*Impact of Carrier Leakage on NavIC Signal Performance*." We believe the updated version adequately resolves the concerns raised and improves the overall clarity and quality of the work. The manuscript is now ready and may be considered for publication.
