Potential competing interests: No potential competing interests to declare.

- The author(s) should use proofreading service to check grammar, structure, and content. For example: "The objective of this study was to determine..."
- The author(s) should discuss the context of insurances market in African countries
- The author(s) should discuss and state the hypothesis for each factor in the model
- The author(s) should provide robustness tests (for example: ROE as another measurement of performance
