

Peer Review

Review of: "A Perspective on Microbubble Systems for Infectious Microenvironment Restoration and Antibiotic Delivery"

Tigabu Bekele¹

1. Chemistry, Haramaya University, Ethiopia

Comments for author

- i. The format of the manuscript should be revised in terms of some things such as abbreviations, typos, word spacing, and relative position.
- ii. Abbreviations should be defined at first mention and used consistently thereafter.
- iii. The necessity of doing this work should be stated in the first sentence of the abstract section.
- iv. The future outline should be added to the last sentence of the abstract section.
- v. Please follow the standard format for writing the introduction.
- vi. The novelty of the work should be established in the introduction.
- vii. In the manuscript body, please give appropriate headings based on journal guidelines.
- viii. And in general, you have an inconsistent reference style and use old references; please update it accordingly.
