

# Review of: "[Hypothesis] The protective role of Testosterone in COVID-19"

Aksam Yassin<sup>1</sup>

<sup>1</sup> Weill Cornell Medical College

**Potential competing interests:** No potential competing interests to declare.

It is timely and giving additional insights to the topic. However, paper is lacking some important recent papers or researches came out last few weeks or months. I wanted to give quick opinion and recommendations to author to speed up the review time.

Authors have to consider the following references and incorporate info within their text.
