Dear Editors,

This paper has a potential to be accepted, but some important points have to be clarified or fixed before we can proceed and a positive action can be taken. Thus, I would like to make a decision on the major revision. I hope to improve the quality of your paper.

Comments:

- The title is vague, the title must be specified with the context of the paper.
- The paper is well written. The Introduction and Background sections provide useful information for the readers.
- Introduction section needs to be streamlined and show clearly why it is important to know the research topic/question.
State your contribution clearly.
- The implications of the paper need to be elaborated.
- Relationship to Literature: this paper can cite more wide range of relevant literature. Means more recent literature.
- The interpretation part should be discussed and argued with prior studies.
- Grammatical and typo errors are noticed in several places
