Diphenhydramine Hydrochloride/Dexamethasone/Nystatin Magic Mouthwash

National Cancer Institute

Source

National Cancer Institute. *Diphenhydramine Hydrochloride/Dexamethasone/Nystatin Magic Mouthwash*. NCI Thesaurus. Code C82678.

An oral suspension containing diphenhydramine hydrochloride, dexamethasone and nystatin, with antihistaminic, antiinflammatory, and antifungal activities. Diphenhydramine hydrochloride/dexamethasone/nystatin magic mouthwash inhibits the cytokine-mediated inflammation and yeast colonization of the oral mucosa associated with chemotherapy and radiation therapy.
