**Potential competing interests:** No potential competing interests to declare.

The following should be noted and corrected accordingly:

1. How practicable is your proposed model in real time?
2. Is it cost-efficient?
3. Grammar requires minor re-editing.
4. Section 1 should contain the organisation of the study.
5. What is the research methodology?
6. Section 2 should be titled "Literature Review or Survey."
7. What is the future scope of the study?
