

Review of: "Carcinogenesis and Angiogenesis Study Induced by Anthrachinone Plants and Hydroxyanthracen Derivatives in Chicken Eggs"

Saurabha Zimare

Potential competing interests: No potential competing interests to declare.

The background need to be elaborated and should be self extortionary. There may be explanation in brief about methods followed with enough recent citations. Research outcome have to focus mainly on significant results. Results need to be reorganize with proper flow of statements. Needs short and concise captions to each figure.

Rest is absolutely fine.

Wish you all the best for research.
