

# Review of: "The Comparison of Traverses Adjusted by Non-Rigorous and Rigorous Methods of Adjustment"

Prof. Dr. Wahyu Widada<sup>1</sup>

<sup>1</sup> Universitas Bengkulu

**Potential competing interests:** No potential competing interests to declare.

The manuscript has been written quite well, but there is no novelty yet. The method is quite good. The results and discussion are good, too. The conclusions are good, but new findings need to be added. Improve the novelty first, but I recommend publishing it.
