

# Review of: "Effective use of Waste Materials: A Case Study of Utilization of Fly Ash in Flexible Pavement Structures"

Aixa Gonzalez

Potential competing interests: No potential competing interests to declare.

I have read the manuscript which deals with the use of coal fly ash in flexible pavement structures. The manuscript is generally well-written and contains valuable information. The manuscript deserves to be published. However, the authors should improve the manuscript before publishing. The suggested changes in the text are in the attached document.
