

# Review of: "Synthesis and Antibacterial Screening of Cefradine Schiff Bases and Their Metal Salts"

Mahmoud El-Shahat<sup>1</sup>

<sup>1</sup> National Research Centre

Potential competing interests: No potential competing interests to declare.

1. Support the abstract with more data and numbers.
2. In the introduction: Authors neglect a big survey for the recent works interested in Antibacterial. These recent publications are quite important to cite.

3. Structure-activity relationships must be involved.
4. Comparison with the literature is quite interesting to show.
5. References must be updated.
