

# Review of: "The Future of Malaysian SMEs in the Digital Economy"

Prashant R. Nair<sup>1</sup>

<sup>1</sup> Amrita Vishwa Vidyapeetham (Deemed University)

**Potential competing interests:** No potential competing interests to declare.

Paper is relevant and topical. It presents the status quo with respect to Malaysian SMEs and their interventions towards the digital economy. Language and presentation is good. But the nature of the paper is review of literature. There is no experimentation or empirical results presented.
