Potential competing interests: No potential competing interests to declare.

- In general, throughout all parts of the manuscript, IC_{50} must be written in this form " IC_{50} ", taking into account that the number 50 is below the line (subscript).
- When studying any type of biology test, it is preferable to write the names of all strains in italic form.
- In the References section, you must write "DOI."
- In the References section, it must be updated with many references over the last three years.
