Predoctoral Individual National Research Service Award

National Cancer Institute

Source

National Cancer Institute. *Predoctoral Individual National Research Service Award*. NCI Thesaurus. Code C20002.

Provides support for promising doctoral candidates who will be performing dissertation research and training in scientific health-related fields relevant to the missions of the participating NIH Institutes during the tenure of the award. It is also used to improve the diversity of the health-related research workforce by supporting the training of predoctoral students from groups that have been shown to be underrepresented.
