

Review of: "The Role of Financial Literacy on Sustainable Development of Micro, Small and Medium Enterprises (MSMEs) in Africa"

Nura Sani Yahaya

Potential competing interests: No potential competing interests to declare.

The article is good for publication. However, the following are suggestions to the author

1. The method of analysis employed in the study should be clearly explain in the segment of the methodology of the study
2. The empirical model of the study should be explain in detail to shows real variables used in the study
3. measurement of the variables used in the study should be clearly explain, especially sustainable development variable. The author should justify clearly the measurement and the variables of sustainable development employed in the study
