

# Review of: "An Optimal Control for Ebola Virus Disease with a Convex Incidence Rate: Imputing from the Outbreak in Uganda"

Qiming Liu

Potential competing interests: No potential competing interests to declare.

I may the manuscript for publication if author can revise the manuscript based on the following questions.

1. What is the difference between EVD with EBV?
2. What is the difference between the effective reproduction number with The basic reproduction number?
3. Where is the content of subsection 3.1?
4. Reformulate the keywords and the conclusion to reflect the contents of the paper.
