Potential competing interests: No potential competing interests to declare.

Kindly check the grammar in this sentence. H1: There is *astrong relationship there is a positive relationship* between access to finances and MSMEs' sustainable development.

Kindly mention where this study was undertaken? The research findings of Cherkos et al. (2018) evidenced that there is a positive relationship between infrastructural facilities and the success of Micro and Small Enterprises (MSEs).

Sample mentioned in the abstract and sample mentioned in the paper text do not match...340 and 450. Both primary data were collected from 340 MSMEs operating in Africa through survey questionnaires.

Policy initiatives for making the MSMEs sustainable could have been highlighted and also implications for MSMEs and the policy makers would enhance the utility of this study.
