I'm not sure if "character development" is the correct educational term. Maybe a better title will be "Habits of the new generation reading developing on young Indonesians influenced by the sophisticated technology 5.0." also, you need to specify the focus study.

I suggest review the abstract. And not focus it in literature review. Furthermore, explain the method and main result of your study.

Define clearly what is the "technology 5.0"

Enlarge the conclusions. Maybe it's too short.

I enjoyed and learned a lot of reading the paper. Congrats.
