# Progressive supranuclear palsy-parkinsonism syndrome

INSERM

## Source

*INSERM. (1999). Orphanet: an online rare disease and orphan drug data base.*

*Progressive supranuclear palsy-parkinsonism syndrome. ORPHA:240085*

PSP-parkinsonism (PSP-P) is an atypical variant of progressive supranuclear palsy (PSP; see this term), a rare late-onset neurodegenerative disease.
