Thank you. I would like to submit a major revision for this manuscript. The comments below need to be applied in order to improve the quality.

1. Improve the language.
2. Use more references.
3. Use chemical structures for those therapeutic agents that are already used for the treatment.
4. Cite this paper in your introduction section: **Cascade Synthesis of 1,4-Butanediol Monomesylate Glycoconjugates: Anticancer Candidates for Leukemia** (<https://link.springer.com/article/10.1007/s11094-022-02555-9>)

Thank you.
