The study and idea are relevant to the present-day scenario. The following tips may be helpful to the author.

1. In the Abstract section, the authors should mention the abbreviation UFW in the first line of the abstract.
2. In the Introduction section, please mention why "Egypt" is chosen as the study area and why GIS is more advantageous than the previously reported methods. Please justify with a proper literature survey.
3. Please focus on Section 3.2, Leak Detection. Try to justify with the methodology part.
4. Please mention SDG6. These papers may be helpful: <https://doi.org/10.1016/j.envres.2022.114862>, <https://doi.org/10.1016/j.jece.2022.109237>, <https://doi.org/10.1007/s11356-023-30112-8>
