Comments on the paper on' " In-Vitro Antibacterial Activity of some Ganoderma Species: A Review"

!) Bring in **Introduction** as the first heading in the body of the paper, discuss generally the importance of medicinal plants in the fight against diseases, as you did in the ABSTRACT

Discuss the gap that exists prior to your review and the aim of the review

**The layout of the body of the review work should go like this:**

Introduction

Ganoderma and Its Species

Diabetic Foot Ulcer

Antimicrobial Activity

The rest as in the paper

**Under Diabetic Foot Ulcer (Page 2)**

Line 5 = Diabetic neuropathy, poor circulation was repeated, remove one

**Under Ganoderma and Its Species (Page 2)**

Line 2 = Change multidirectional to multidimensional

**Under Antimicrobial Activity (Page 4)**

Line 11 = Put the relevant reference after foot ulcer

**Under Table One**

Provide a title for this table

**Under Other References (Page 12)**

Why did the author single out one reference source and term it, "Other References" before the REFERENCE section?

**General Comment:** The paper represents good review work on the title given
