Potential competing interests: No potential competing interests to declare.

Modify the title to indicate in which era the MI was determined.

In the abstract, the conclusion is too long. It is adding recommendations as well. Kindly keep conclusions to the point and remove recommendations from it.

Grammatical errors throughout the text. Kindly run Grammarly or any other app to remove grammatical errors.

Add rationale at the end of the introduction section.

The reference citation errors found, e.g., , it is not [7][8][9]. Rather, it should be corrected to [7-9].
