First of all, thank you for allowing me to review this paper. This is important work that is emphasized: "Factors Associated with Contraceptive Use Among Migrant Female Head Porters in the Kumasi Metropolis" Please find my comments, suggestions, and questions forwarded to the authors.

Abstract

- Write the Abstract Dividing it into Background, Method, Result, and Conclusion.
- Multivariate Logistic Regression How you used???
- I can't understand your conclusion in the abstract, please write your Conclusion Clearly!!

Introduction

- Write Using Chronological order as Worldwide, Africa, and till your Study area!!!
- What is your gap??
- What is your Implication??
- What is your adding value???

Study Population

- **If you don't know your Sampling frame, how do you obtain**two hundred (200) migrant female head porters (Kayeyei) between the reproductive ages (12-49) who were sampled intuitively for the study?
- By what Method do you obtain your Sample?
- How are you Clustered into four Clusters??

Sampling

- Rewrite your sampling.
- It's not Clear!!
- Write Clearly your Sample size Determination!!
- What is your Dependent variable or your outcome??

Data Analyses Plan

- How you used the multivariate logistic regression model?
- What is A multivariate logistic regression model?
- What is the difference between Multivariable logistic regression and Multivariate logistic regression??
- How do you check the association??

Results

- Your Descriptive and Inferential parts are well written.

Discussion

- Well Written

Conclusion

- Well Written
