Thank you for the opportunity to review this article.

I suggest the authors improve the methodology, results, and discussion section.

Methodology: Please provide more information about the sample size, the questions asked in the questionnaire, and the interview questions. What types of secondary data are collected? How do the authors assess both primary and secondary data?

Result section: Please provide a percentage value for each factor in the figures.

Discussion and Conclusion: The authors explain several factors affecting community development in this area. Among all the factors, please highlight the major factors. Is it possible to compare all factors using a standard analysis?
