Potential competing interests: No potential competing interests to declare.

This paper focuses on the following issues: 1. extension/training courses on public policies and international diffusion through the Observatory of Decentralized Internationalization in Focus. 2. updating to 2021 and expanding the survey on the state of technology in the field of diffusion conducted by Porto de Oliveira and Faria (2017). 3. mapping the public policies led by the states of Northeast Brazil that have been implemented or Map the public policies that are being implemented and that have undergone an internationalization process.

From personal experience, the authors have done a good job. I hope the author can add the following aspects.

1. Highlight the contributions your paper makes by comparing the differences between your own literature and previous literature.

2. you can add a little bit of the limitations of the paper as appropriate.

This paper can be accepted and published.
