In this paper there are several things that need attention, namely as follows:

1. For the abstract there is no explanation of the method used to answer the research objectives, and the data used, as well as what the contribution of this research is.
2. In the introduction, the research gap in this research has not been raised.
3. The analytical method has not been presented, especially to identify and analyze the factors influencing the economic crisis in Ethiopia based on existing literature
4. The references used in this research are very limited, especially previous research related to this topic.
