The content is clearly written and appropriate with its title. However, I would like to advise you some valuable suggestions to make your Research look more authentic and constructive in nature.

1. Add some recent literature and references in your research.
2. Elaborate gaps and unresolved questions as compared with the previous literature.
3. The author needs to rewrite the whole manuscript with proper sections i.e. Introduction, literature review, methodology, empirical findings, conclusion and recommendations.
4. Theoretical orientation is an integral part of the research. It supports your research work which is currently missing in your article.
5. Finally, the paper is not properly concluded. Add some proper conclusion and valuable suggestions that will help professionals and experts in attaining competitive advantage and profit maximisation in reference to the practice of outsourcing for their business.
