Review of: "Microbiological analysis of commonly consumed vegetable: A review on the ongoing studies"

Simona Sciuto¹

¹ The Veterinary Medical Research Institute for Piedmont, Liguria and the Aosta Valley

Potential competing interests: This review is not eligible for publication. Purpose of the work is unclear. English is not correct in several points. Abstract and introduction are very confusing. Bacteria species need to be italicized. Authors should understand what they want to focus on. Paragraphs are divided in a confusing and incorrect way.
