

Review of: "Aquaponics Unveiled: Efficient Household Farming"

Oliver Jolezya Hasimuna¹

¹ University of Reading

Potential competing interests: No potential competing interests to declare.

This is a well-crafted writeup; however, there are some redundancies that the author should address. Additionally, it is advisable for the author to check and supplement the reference list with recent works in food systems to enhance the paper. The following and a few other papers can be considered for inclusion:
