

# Review of: "Why Existence? The Question is the Answer"

Lucas Abelardo Palacios Liberato<sup>1</sup>

<sup>1</sup> Universidad Peruana Cayetano Heredia

**Potential competing interests:** No potential competing interests to declare.

As I indicated in my previous commentary, this position, given the advance of science, is not only outdated but also denied. In a democratic society of tolerance for opinions or freedom of thought, they are respected, but not necessarily assumed. He still holds a demonstration by absurdity (*reductio ad absurdum*).
