Bichon Frise

National Cancer Institute

Source

National Cancer Institute. *Bichon Frise*. NCI Thesaurus. Code C53856.

The Bichon Frise has a loosely curled double coat consisting of a textured outer coat lined with a soft, fine, silky undercoat that is virtually hypo-allergenic. It is usually all white.
Height: 9-12 inches (23-30 cm.) Weight: 7-12 pounds (3-5 kg.)
