

Review of: "The Eden Complex: Transgression and Transformation in the Bible, Freud and Jung"

Abi Doukhan

Potential competing interests: No potential competing interests to declare.

An excellent and original reading of the Eden story. The “Eden complex” presents an innovative and redemptive reading of the human couple's transgression as marking the beginning of their individuation, creativity and growth. The article is well documented, well-written and presents a radically new framework from which to read the story of the “Fall”.
