**Potential competing interests:** No potential competing interests to declare.

1. Advised to improve the clarity of Figures 1 and 2.
2. Advised to provide details related to benchmark datasets.
3. Please provide details of data collection in Table 1: source, format, size, preprocessing, etc.
4. The research methodology appears very generic.
5. All references must be listed and cited.
6. The entire article is too generic, and the technical contribution is not clear.
