- (1) The abstract is too long. It should be **around 300 words**.
- (2) It should not use abbreviations without introducing them, even if they are commonly known. Put the full meaning the first time (**AC, PCC, RPW, and RPP**).
- (3) Please include error bars for **Figures (6 - 12)**.
- (4) It would be nice if the format of **Figure 6 aligns with the format of Figure 8**
- (5) I would suggest that you use **sub-section** after Sections 2 and 3.
