Potential competing interests: No potential competing interests to declare.

The paper does not satisfy acceptable academic requirements. The author should strongly revise the English writing in 2–3-line sentences to make the paper understandable. In addition, he also needs to give a mafia definition. In this regard, I suggest him to see this reference: Kleemans, E.R. (2014), 'Theoretical Perspectives on Organized Crime', in L. Paoli (ed), *The Oxford Handbook of Organized Crime*, Oxford University Press, pp. 32-52. Lastly, the author must consider critically the negative social representations of refugees, without taking for granted the presumed social harm they are causing to host society.
