I acknowledge that you have submitted a mini-review on the topic "Role of Mango in the Immune System."

As the article's reviewer, I would like to appreciate the author for choosing a relevant and intriguing topic for their manuscript. I also commend his hard work and commitment to writing a paper that is both comprehensive and concise.

I have no complaints about the manuscript. Additionally, the article is highly relevant, well-written, and captures the reader's attention.

Congratulations to the author for his hard work and dedication paying off. He should be proud of his achievements.
