Review of: "When Algorithms Decide: The Controversial Role of AI in Cancer Care Auditing"

Mohammad Ali¹

1. Independent researcher

Manuscript title: **When Algorithms Decide: The Controversial Role of AI in Cancer Care Auditing.**

Comment: The manuscript could be accepted for publication after some modifications as suggested below:

- The author has to put the number properly in the title and subtitle in the manuscript body.
- The author has to mention more cases.
- Keywords are missing after the abstract. For example: AI, Algorithms, etc
- The list of abbreviations is missing.
- The author has to organize the manuscript as Abstract, Introduction, Methods, Results, Discussion, Conclusion, and References.
