Potential competing interests: No potential competing interests to declare.

Reframe this sentence "This was due to the increased problem of environmental pollution which may lead to flooding these wastes are causing in our environment."

The word "qualities" can be replaced by "properties" or "characteristics."

Fig. 1 is distorted; please correct it to the right aspect ratio.

The paper is well arranged.

The "Conclusion" should be written as "Conclusions."

It is approved for publication after the corrections are incorporated.
