Potential competing interests: The author(s) declared that no potential competing interests exist.

A Constructive Disruptor is a person, organization or group that disrupt a process, industry or organization in a beneficial or constructive manner, via the constructive questioning or challenging of the traditional or assumed status quo, wisdom or structures of an area. While closely related to the concept of Disruptive Innovation, a Constructive Disruptor helps support and encourage beneficial change or progress in a inherited process, industry or organization.
