CDISC Integrated Subject Level Dataset

National Cancer Institute

Source

National Cancer Institute. *CDISC Integrated Subject Level Dataset*. NCI Thesaurus. Code C132359.

IADSL is the ADaM Model for Integrated Subject Level Analysis Dataset. The structure is one record per subject per pool as defined in the integrated SAP. Multiple records per subject are required in an integrated ADSL dataset when any subject's data is used in more than one pool and the values for subject-level variables differ across pools. (CDISC)
